HIS WORK IS AMAZING. HIGHLY RECOMMEND! Let me start by saying Dr. KADZ is an amazing surgeon.... I must say I was so scared to do my full tummy tuck, liposuction, breast lift and augmentation all at one time. I consulted a couple of times with questions and concerns, and every time Dr. Kadz made me feel he was the right surgeon....The office staff is AMAZING.

Thank you all for your support.

.. Dr. Bruce is AMAZING. I was extremely nervous since a Breast Augmentation would be the very first actual surgery I would consider having done. Before going into his office I researched him day after day after day, and when I met him it was exactly what I expected. He is very professional, he knew exactly what he was talking about, he recommended the exact right size for my body figure just with his expertise and knowledge.

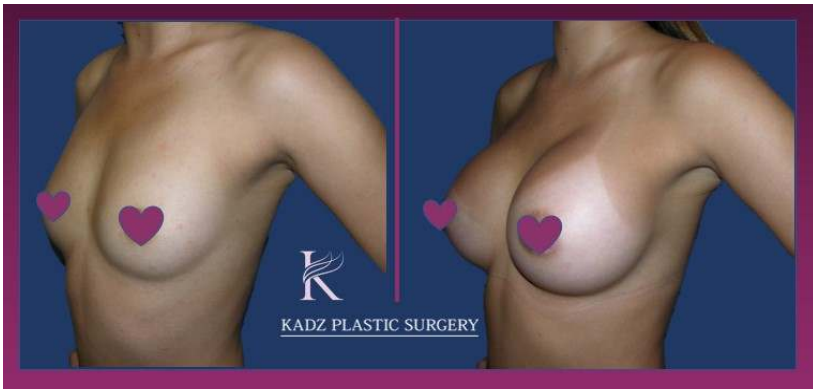

Reanna B. | Yelp

I had a rhinoplasty done with Dr. Kadz and it was one of the best experiences. I must say, I was a little nervous as I've never had any type of surgery in the past but Dr. Kadz and his staff went above and beyond to make me feel comfortable... I wish I could give Dr. Kadz and his staff 10 stars. You've really changed my life. Thank you!

Amazing doctor and staff. 2nd procedure done by Dr. Kadz. 6 days post op Arm Lift, minimal pain as he described and I love my new arms already!

Phenomenal Results. Dr. Kadz is extremely personable and skilled! An arm lift requires a skilled doctor and Dr. Kadz is definitely that!

I am so pleased with my results. Dr. Kadz helped ease my concerns and at the same time guide me thoroughly through the process. I've flown 3,000 miles away with no regrets! Thank you, Dr. Kadz & staff!!! I recommend this office to all who are seeking cosmetic surgeries.

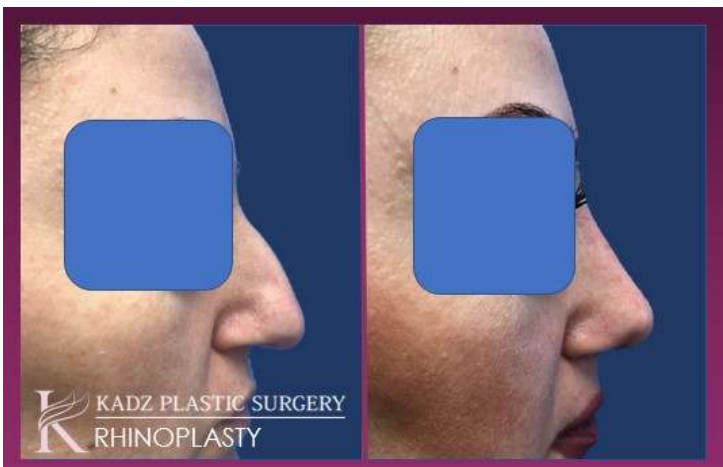

Judy K | Yelp

A+++..Dr. Kadz, was so thorough and attentive. Not rushing me, as I had a lot of questions (which he answered all of them with pleasure). I showed Dr. Kadz a picture of the look I was trying to achieve. He explained, as he showed me on my frame, how the implant he recommended would look compared to my current implants. Dr. Kadz didn't push me at all. He validated my concern ...He was so professional and not aggressive, that I trusted his recommendation, and I'm so glad I did! Not only do I look EXACTLY like the photo I showed him pre-op, but I am so in love with my new breasts! They look amazing, feel incredible and natural, and really fit my frame well.

I get complimented and asked about them all the time. Dr. Kadz is amazing!"
